A few tips, tricks and instructions from a carpenter, for garden hobbyists, craftsmen, the self-employed and small businesses. For the total amateur and the professional craftsman. Hobby building for the whole family. Give yourself the feeling of a successful "do-it-yourself!" Volume 2 is about you feeling good in your garden and being able to say with pride that you made it yourself. So that you can give yourself and your family a home that suits your heart. The space requirements taken into account are described in the instructions "Start today and give your loved ones a home from the heart - with the do-it-yourself feeling of your garden - buy now and get started straight away!"
